Notes

Private VS Semi Private Event

* Prices are listed for up to 10 participants for a semi private event (wheel section and instructor will be reserved for your group but hand building students or members might still be present in the studio working in their section. Full studio reservation is available for groups with 20+ participants or for an additional fee. Please reach out to us for an accurate pricing.

Workshop Format

(free style or themed?...)

You can choose between a freestyle pottery demo or a guided workshop focused on creating a specific piece, such as a trinket dish, mug, or small vase. We're always happy to hear your ideas and tailor the experience to your group!

Group Size

We can accommodate up to 12 people at the wheels. For larger groups we host wheel and hand building combo where participants choose one of the activities (2 & 2.5 hour workshops) or switch stations in the middle to practice both methods (3 hour workshops)

Notes

Thinking about what package works best for you?

- 2 hour - best for smaller groups looking to try something new
- 2.5 hour - most optimal length for those who want to paint their pieces and explore wheel throwing
- 3 hour - best for slow paced events and those that would like to have time set aside for cake/snacks and mingling

last page, now let's make it happen :)
